

# Medical staff member – Dermatology

## Department

- Reference: **1812**
- Apply before: **30-09-2018**

### Background

The Dermatology Department at UZ Leuven (Belgium) aims to be a leading centre with a first-class reputation for clinical excellence, training and scientific research. Innovation aimed at improving the standard of care is one of our key objectives.

As a recognised centre of excellence, our goal is to offer the best possible care to patients with skin disorders. In dialogue with the Medical Faculty and the Biomedical Sciences Group, we contribute to the further development and training of our doctors and students. As part of our academic mission, the care we provide to our patients is constantly subject to critical reflection and evaluation.

The relocation of the outpatient clinic of Dermatology to the new campus, creates opportunities for growth, and the Dermatology Department accordingly wishes to expand its medical team by bringing in a motivated and dynamic colleague who is keen to focus on paediatric dermatology.

### Job description

- The function is based on three core elements:
  - Clinical care. You enjoy working as part of a dynamic team and engaging with new challenges. Your principal focus will be on paediatric dermatology. You will participate in multidisciplinary clinics with the paediatricians
  - You have an interest in clinical research. You will be encouraged to attain a PhD. There will be possibilities to engage in translational research.
  - Training and education. Your role will also include providing training to students and the residents .
- You espouse the vision and values of UZ Leuven as an international centre of medical expertise.

### What you can offer

- You have a qualification that is recognised in Belgium or the European Union as a physician specialising in dermatology.
- You are a native speaker of Dutch or possess a good working knowledge of Dutch, or you are willing to improve your knowledge of the Dutch language.

## What we offer

- An opportunity to work in an interesting, complex and high-tech hospital environment which presents continuous challenges in your day-to-day work.
- An attractive employment and remuneration package with many fringe benefits.

## Interested?

Send your application letter together with your CV, before **30 September 2018**, to UZ Leuven, marked for the attention of the Chief Medical Officer, Professor Gert Van Assche, by email to [gert.vanassche@uzleuven.be](mailto:gert.vanassche@uzleuven.be) and Professor Maria Garmyn, Head of Dermatology, by email to [marjan.garmyn@uzleuven.be](mailto:marjan.garmyn@uzleuven.be).
